

EDUCATION

Integrated B.E & M.Tech, IT

LD College Of Engineering

2019 - 2023

Percentage: 80.00%

INTERNSHIPS

Web Development

Techno IT Hub, Ahmedabad

Feb 2022 - May 2022

Helped to develop many websites including website for a start-up.

I learnt so many things like how to work in a team, how to write clean and understandable code.

This Internship sharpen my back-end skills at great extent.

Web Development

Exposys Data Labs, Virtual

Mar 2021 - Apr 2021

I was a full stack developer there.

Helped to create front-end of many sites.

I learnt how to communicate with others, how to use integrate API.

This internship sharpen my Front-end skills at an extent.

PROJECTS

countryApi

May 2022 - Jun 2022

<https://countryinfoapi.herokuapp.com>

This website has built using JQuery ,JavaScript and PHP. Integrated restcountriesApi in it.

In this site you can see different country information like country capital, population, area, region , subregion and many things.
